VARSITY:

High school camps or clinics are geared for players in 9th-12th grade. This clinic would be designed to challenge the older players competitive nature and to improve their technical & tactical knowledge of the game as well as to improve their individual skills.

MIDDLE SCHOOL:

Middle School camps or clinics are geared toward 6th-8th graders, who are still developing their love and understanding of the game. These camps/clinics will be designed to help the young players expand their knowledge of the game, while at the same time exposing them to the love of the sport. We will be using some of our varsity players to model and encourage younger athletes in the fundamentals of the sport.
