

LITITZ CHRISTIAN SCHOOL

Virtual Kindergarten Readiness Skills Class

June 8 to July 3, 2020

Goal The goal of the Kindergarten Readiness Skills Class is to continue to develop the skills your child needs to be prepared for the first weeks of kindergarten. We recognize that the absence of formal instruction during the quarantine has been a concern for many parents. If you would like to find out more about kindergarten readiness please visit United Way's website where you can find a checklist.

Teachers Our certified kindergarten teachers and specials teachers will provide video instruction for this class. Christin McNaughton and Cindy Kachel share the full-time kindergarten position and have worked together for three years. Video instruction from our reading specialist, art teacher, PE teacher, music teacher and STEAM teacher (Science, Technology, Engineering, Arts, Mathematics) are included as well.

Communication We will share a link to the class on Sunday, June 7. The class is broken down into activities for four weeks. You and your child can work on them throughout the week. If you have any questions you should contact:

Allyson Harmon, Elementary School Principal
allyson.harmon@lcstaff.net
Niki Cadwalader, Director of Admissions
nicole.cadwalader@lcstaff.net

Success!

- Watch the videos and complete the activities with your child.
- Look for ways to reinforce the concepts throughout your typical day.
- Have fun and enjoy the time with your child. Send us photos!
- Choose a Story and Snack time to attend. This is a chance for us to meet and read a story to your child. It will be done via Google Meet on Wednesdays at 10:00 am. Links to the meetings will be sent out on Tuesdays. Feel free to stay on once we are finished reading to ask any questions.
- Give us feedback in the end by completing a short Google survey.
